## 46 TAKE PART IN YW WORKSHOP DINNER SESSION

Forty-six members of the standing committees of the Young Women's Christian Association attended the first Committee Workshop dinner meeting at the YWCA Wednesday evening beginning at 6 o'clock.

Mrs. G. E. Buehler, president of the board of directors of the Y, presided at the meeting and gave the invocation. She outlined the three parts of the meeting as follows: "Looking to God," a devotional period conducted by Miss Ruth Doud, director of the Y; "Looking at the YWCA," at which time Sergeant Carter, of the college ROTC staff, showed the motion picture "To All Who Believe In Youth" and "Looking at Our Committees," during which time the various committees met separately to outline their objectives for the year 1950-1951.

### Purpose of Workshop

Each committee chairman was given a note book, specially prepared by Miss Doud and Miss Louise Bender, to be kept as a permanent record for future committee workshop sessions. In the book, the purpose of the committee workshops is set forth "to acquaint the leaders of the association with our national program and objectives, and to select those projects we wish to work on during the year. We determine progress emphasis by discovering the special needs in Gettysburg."

Following the committee meetings, there was a general session at which time the chairman of the committees spoke briefly on the findings of their meeting. The committee on membership was the only one reporting a 100 per cent attendance of its members.

The dinner was prepared by Mrs. Edward Nowicki assisted by Mrs. Ruth Johns.

## DOCTORS TOLD RELIEF COSTS NEED CURBING

At the regular monthly meeting of the Adams County Medical society Wednesday evening at the Warner hospital, Dr. C. Harold Johnson gave a report on a conference between representatives from the State Department of Public Assistance, the committee on public health legislation of the Medical society of the State of Pennsylvania, and the county medical society sub-advisory committee, in Harrisburg Wednesday afternoon.

The purpose of the conference, according to Dr. Johnson, was to try to find a solution to the increased cost of medical care to the relief recipient. "The representatives from the state department reported that in 1939 medical care for the relief recipient cost the state \$2.28 per year per recipient. By 1947 the cost had risen to \$7.41, and by 1949 to \$13. This program has assumed such proportions that it is now proving a burden to the taxpayers and will necessitate a legislative curb if the present rate of increase does not halt," Dr. Johnson said.

### "Something For Nothing"

Nearly every county in the state was represented at the conference, and the general conclusion drawn was that the relief recipient had come to look upon medical care as a "something for nothing service" and was abusing the program by making unnecessary demands from the physicians. It was pointed out by the state department representatives that the program was designed to supply minimum essential medical care and not a luxury type of service.

Dr. Johnson reported that it was decided at the Harrisburg meeting to have the reported medical calls carefully inspected in each county by a committee in an endeavor to reduce the number of unnecessary calls and thereby reduce the cost of the program. He also reported on several proposals being considered to curb the cost of the program.

Reports were received from a number of county committees that many persons are receiving relief who should not be on the relief rolls.

The program for the fourth annual Graduate Education Institute was presented to the society. This post-graduate course is being offered to the physicians of Pennsylvania by the medical society of the state. The courses are offered at ten centers located throughout the state.

During the past four years a general program was presented to the profession designed to bring the practitioner up to date in the post-war period. Now 20 special courses

## U.S. POST-WAR POLICY BLAMED BY CHURCHMAN

The Lutheran church in Germany is in a "horrible" position, chiefly because of American post-war policy in that country, the Rev. Dr. Paul C. Empe, director of Lutheran World Action, declared, in an address Wednesday afternoon in the Church of the Abiding Presence. His talks in the morning and again in the afternoon featured the first day of the annual "Seminary Week" at the Gettysburg Lutheran Theological seminary.

The Lutheran World Action represents the annual emergency appeal for church relief and rehabilitation abroad. Dr. Empe said that beginning in 1954, Lutheran churches would be asked to include the appeal in their annual budgets. He is also director of the National Lutheran council and heads the U. S. committee for Lutheran World Federation.

### Paints Gloomy Picture

Speaking in the afternoon on the subject "Christian Factors in Current International Issues," Dr. Empe traced the relations of church and state in Indonesia, Palestine, Czechoslovakia and Germany. "As far as Germany is concerned," he said, "I can't see the way out. I don't expect to see peace in our lifetimes." He was referring at this time to the "cold" war.

Discussing the church in Indonesia, Dr. Empe said: "The record of the so-called Christian nations of the west is bad. The east associates the coming of missionaries with western imperialism. In Indonesia, for example, the church is being persecuted."

## COUNTIAN WILL FACE CHARGE OF MANSLAUGHTER

Samuel V. Sackman, York Springs R. 2, was arrested Wednesday afternoon on a charge of involuntary manslaughter following a coroner's inquest into the death of Clinton A. Swope, of Abbotstown.

Sackman was taken by state police from the court house to the office of Justice of the Peace Robert P. Snyder after the jury returned a verdict stating that "Swope came to his death on April 26 in Hamilton township as a result of a fractured skull and internal injuries and that the said injuries were inflicted and the death of the said Clinton A. Swope was caused by a collision between the car of Clinton Swope and a car operated by Samuel V. Sackman and the jury finds that Sackman was operating on the wrong side of the highway at the time of the collision."

### Released On Bail

The charge of involuntary manslaughter was filed by State Policeman George Evanko before Justice Snyder. Sackman was first committed to the county jail and then released later when he posted \$1,000 bail to appear for trial at the August term of court. He waived a preliminary hearing before the justice.

Mrs. Violet Shielhamer, East Berlin R. 1, was the first witness before the coroner's jury. She told of driving on the Abbotstown-East Berlin road about 6:45 o'clock on the morning of April 26. The road was obscured by a heavy fog, she said. Near the Farmers' Grove, a car going the other way passed her vehicle, and at almost the same time she heard a crash. Mrs. Shielhamer testified. She stopped and found that two cars had collided on the other lane of the highway. Later she found that Swope had been killed in the crash and that Sackman was the driver of the other car, she said.

### Trooper Testifies

The only other witness was State Policeman Evanko, who described how the accident occurred. Evanko quoted Sackman as saying that he was driving toward Abbotstown when he approached a car traveling in the same direction. Sackman, according to Evanko, attempted to slow down and, to avoid hitting the car ahead, cut over into the other lane of traffic. When he did that, the Swope and Sackman cars collided. Sackman told Evanko that he did not see Swope's car until a moment before the crash because of the fog.

The 25-year-old York Springs wood worker did not testify on advice of his attorney, Eugene Hartman.

Dr. C. G. Crist, county coroner, conducted the inquest, assisted by District Attorney Daniel E. Teeter. The jury included Walter Reynolds, John Irvin, George Bender, Richard Epley, Joseph Cooley and G. Henry Roth.

## ARRANGE FIRE PHONE SERVICE IN BONNEAUVILLE

A committee appointed last month to confer with United Telephone company officials relative to connecting the Bonneauville fire siren with the Gettysburg exchange, reported at the monthly meeting of the firemen Tuesday evening in the fire hall at Bonneauville that the company was unable to grant this request. However, an alternate suggestion was made that a telephone be installed in the Bonneauville fire hall and the telephone company agreed to hook on this line the phones of any persons that the fire company will designate to receive this ring. The firemen approved the plan.

Gerald Topper, John Ingram and Francis Sneiderger were received into membership. Frederick Golden was appointed a member of the Ladies' Auxiliary committee to replace Stephen Sanders, who is unable to serve.

The next meeting of the fire company will be held June 6 at 8:30 p. m.

Washington, May 4 (AP)—William W. Remington denied once again today that he ever was a Communist. Anyone who disputes that, he said, either doesn't know the facts, or is "engaged in a deliberate falsehood."

Chairman Wood (D-Ga.) announced last week the House committee had "new evidence" from a highly confidential source. He did not give any hint as to the nature of the evidence.

Remington, a wartime Navy intelligence officer, said in his prepared statement he understood the committee is chiefly interested in a nine-month period when he served as a messenger with the Tennessee Valley authority at the age of 18 or 19.

"I repeat again that I was not at that time or at any other time a member of the Communist party," he said.

The brick and weather-boarded house near the square on North Main street, Biglerville, recently vacated by Mr. and Mrs. Laverne Gladfelter and family, who moved to Five Points, is being razed by Edgar Shealer and his workmen of Gettysburg.

Sixty years ago this house was owned by Samuel Hoffman. It was at this time and in a part of this house that Robert C. Walter, then 17 years of age, operated a barber shop. Living in the other part of the house was Mr. and Mrs. Harry Elster. Various families have occupied the house since then. Recently the property was purchased by Luther Baitzley, Gettysburg R. ## LAWYER TALKS AT BANQUET OF COUNTY GROUP

"Real Americans, ones who are to be found in towns like Gettysburg, who belong to their clubs and organizations, truly exemplify the real American spirit," Attorney Bertram J. Murphy, Reading, president of the Pennsylvania Federation of Fraternal and Social Organizations, told members of the Adams county group and their guests at a banquet Wednesday night in the Moose home.

"I have never heard an unpatriotic remark uttered in any club I have visited in Pennsylvania," the speaker said. "The Alger Hiss and Judy Coplans are not to be found in the fraternal, veteran and social organizations."

Remarking that he had read the tablet on the Willis house, Mr. Murphy said that "probably everyone attending this banquet is so familiar with the historic significance of Gettysburg as to overlook the reasons why Americans each year travel to Washington, Valley Forge and Gettysburg on their vacations. I like the American spirit. We should be grateful that we are citizens of America," he concluded.

### 100 At Banquet

The banquet was attended by more than 100 members and their ladies. The invocation was given by Warren T. Dunn, Sr., Biglerville. Bernard Selby, Littlestown, vice president of the county organization, was chairman of the banquet committee. H. Earl Pitzer, Aspers, who serves on the steering committee of the Pennsylvania Elks association, spoke briefly on the activities of the state federation of clubs.

Organizations in Gettysburg represented at the banquet included the Elks, American Legion, Veterans of Foreign Wars, Moose and Marine Corps League; from Littlestown, the VFW and Eagles; McSherrystown, Knights of Columbus and Moose; East Berlin, VFW, and New Oxford, Social and Athletic club.

Born in Greeley, Neb., and having graduated from Trinity college, Washington, with a B.A. degree, Dr. Hoey received her M.A. degree from Columbia university, a diploma from the New York School of Social Work, and a LL.D. from Holy Cross college in 1926.

In 1936, Dr. Hoey assumed her present position. She has served as president of the William J. Kerby foundation in Washington, and has been awarded the Sienna medal by Theta Phi Alpha. She is a past president of the National Conference of Social Work; Trinity College alumnae, and the District of Columbia Tuberculosis association. ## PENN STATE 9 GAINS 7-0 WIN OVER BULLETS

Gettysburg college's baseball team dropped its second straight game Wednesday afternoon when Penn State's strong nine blanked the Bullets 7-0 at State College.

In receiving their initial shutout of the season the Plankmen were limited to five hits by Bair, one of which was a double by Jerry Royals.

George Hare and Bair hooked in a fine pitcher's battle until the seventh when the Lions clinched the game with four runs after two were out, bringing Lefty Buehler to the mound.

After five scoreless frames the Lions pushed over two runs in the sixth. In the seventh Bair singled, Albright walked and Tocci singled to score Bair. Tonery walked. On a double steal Albright was safe at home. Tocci scored from third when Bixby dropped the ball. Hopper singled to drive Tonery over with the final run.

This afternoon the Bullets were listed to meet Pitt on the local field.

On Saturday Franklin and Marshall will play here, the game starting at 2:30 o'clock.

## California Horse Is Derby Favorite

Louisville, Ky., May 4 (AP)—The Kentucky derby masterminds are unanimous today in the thought that Your Host will sizzle out of the starting gate in the \$100,000 Golden Gallop Saturday and say:

"Come and catch me—if you can."

The speedy California express still holds as the favorite for this 76th running of America's most colorful turf event, which will see 13 or more three-year-old stars tackle the tough mile and one-quarter distance for the first time.

As for the weather, the weatherman said some showers were possible Saturday.

## Eastern League

(By The Associated Press)  
The Binghamton Triplets are building a home run total in the Eastern league—while on the road.

At Wilkes-Barre last night, Dale Long and Art Schult blasted round-trippers as Binghamton trounced Wilkes-Barre, 7-3. Bud Hutson hit a two-run homer for the Barons.

Meanwhile at Williamsport, Al Yavlin gave up only three hits in pitching the Tigers to a 4-0 victory over Hartford.

Elmira's Dave Thicke also hurled a three-hitter to shackle the Albany Senators, 4-1. The Senators, 1949 champions, have lost all five of their games this season.

Fred Speranza smashed a three-run homer to lead Utica to a 7-2 victory over Scranton.

## Roundup Sports

By HUGH FULLERTON, JR.

New York, May 4 (AP)—Tony La-verdi (with accordion) and Leo Barnhorst (unaccompanied) are the most prominent of the "Stars of America"

baseball team which is starting a European tour with the Harlem Globetrotters. The accordion will take care of whatever squawking

may be necessary. When the USGA executive committee met at the Augusta National club recently, all committee members were present for the first time in years.

The fact that this group has the lowest golf handicaps, on the average, of any USGA committee may have had something to do with it.

Most of them were shooting the National in the 70's. Big Ten baseball fans say just plain pitching won't win the pennant for Illinois. Albie

Plain can win but the other pitchers can't. The Ezzard Charles-Fred-

die Beshore fight at Buffalo has been rescheduled for June 7, but you can't Beshore it will be held.

THE SIZE OF IT

George R. K. Carter, Manhattan's newest fight promoter, who speaks casually of building a 25,000 seat arena here just for boxing and wrestling, maintains he will reverse

Tex Rickard's old theory. Says George: "Rickard always told me, 'Get the big fellows and the little ones will follow.' I'm going to get the little fellows and let the big ones follow. Where do you suppose those race tracks would be without the two-dollar bettors?"

SHORTS AND SHEELS

Incomplete report from Florida is that the horse and dog tracks raised over \$150,000 for the state scholarship fund from those extra days of racing. The total is expected to reach \$170,000.

Al Ulbrich, Jr., who was dazed after the Washington crew

to Poughkeepsie victories in 1924 and 1926, will be pulling the No. 6 oar in the Husky Shell at Marietta, June 17. Observers say that since young A's dad is coach he had to be much better than his rivals in

the spot. Jack Kramer is playing in the U. S. San Francisco tennis squad. But the nearest he comes to being the Jack Kramer is to use a racket with Jack's autograph.

## SOFTBALL LOOP SETS PLANS TO OPEN MAY 16

Arrangements were completed for the opening of the Gettysburg Softball league on Tuesday, May 16, at a meeting of league officials Wednesday evening at the Moose home.

A brief opening-day program is planned, details of which will be announced later.

Games carded for the opening evening are: Eagles at Elks, 7:15, and VFW at Glenn L. Bream garage.

All teams were represented at the meeting with the exception of the Stanton Legion. Rosters for six of the seven teams represented were approved and forfeit money was posted by four of the teams. Other forfeit money, was well as the \$1 player entrance fee, must be paid before the first game.

It was decided to have the lights turned on every night next week for the purpose of permitting the teams to hold practices. Two teams will drill each evening as follows:

Monday, G. L. Bream garage and Eagles; Tuesday, Texas Lunch and VFW; Thursday, Moose and Stanton Legion; Friday, Elks and Lentz Legion.

Set "Work Night"

Next Wednesday evening was set as "work night" when all teams are requested to have as many players present as possible for the purpose of aiding in cleaning up the field.

It was agreed upon that the first game in the first round of games will start at 7:15 p. m. with the night game following 12 minutes after the conclusion of the first game.

Umpires this season will include D. A. Crane, Bill Gilbert, Ray Staley and Reed Seiders.

President Johnny Knox presided at the meeting.

YANKEES WIN  
DESPITE FOUR  
RASCHI BALKS

(Associated Press Staff Writer)

Balk. Balk. Balk. Balk. How silly can you get? Pitcher Vic Raschi of the New York Yankees, Umpire Bill Summers and the American league hold a new major league record that is better forgotten.

Raschi, guilty of only one previous balk in his big league career, was nailed four times by Summers yesterday at Yankee Stadium. And this is the league where "the same old rule" was to be enforced. Each time Raschi was found guilty of a "non-stop" violation.

In all the years of baseball, leading up to this Golden Jubilee year, no pitcher ever balked four times in a game before Raschi. Three was the old high, shared by two pitchers—Milt Shoffner of Cleveland in 1930 and Adrian Zabala of the New York Giants against St. Louis last summer.

Raschi's first three "crimes" didn't matter much. Summers called one in the first and two in the second. Chicago didn't score in either inning.

Fourth Scores Run

The fourth balk hurt, but not fatally. Following a single and an error in the fourth, it permitted Gordon Goldsberry to stroll home from third, breaking a 0-0 tie.

As it turned out, Raschi survived balks, walks and 10 hits for a 4-3 victory over Bob Kuzava of the White Sox. Phil Rizzuto's double in the fifth accounted for two big runs.

Those Boston Red Sox, breathing fire at their Fenway Park home, ripped off their sixth straight win, a 7-2 romp over Cleveland. The Sox routed Bobby Feller who copped his first two starts.

Detroit, rained out at Philadelphia for the second straight time, still clings to the league lead by 31 percentage points. The Yanks and Red Sox are right behind.

Gil Coan hit a home run with the bases filled and two out in the seventh inning to give Washington a 4-3 comeback edge over the St. Louis Browns.

Cards Spank Bums

Too bad about those poor old St. Louis Cardinals. Patched with chewing gum and bound together with bailing wire, the aging Redbirds took a series from Brooklyn. Just when the Dodgers threatened to run away with the National league, too.

The Cards did it the hard way yesterday, winning in 13 innings, 6-5, with two in the last of the 13th. Jim Russell apparently won the game for Brooklyn with a homer in the first of the 13th. But Joe Garagiola's two-run single with the bases full made Reliever Willie Ramsdel knuckle down.

Leo Durocher got the thumb from Umpire Larry Goetz but the New York Giants won anyhow, 5-2, over Cincinnati. It was the Giants' second victory of the year.

Johnny Sain barely survived a three-run Pittsburgh first inning. Then he settled down to show the boys how it is done. While holding the Pirates to four hits, the Boston Braves' righthander drove in four of the Braves' first five runs with three hits. The Braves needed an 11-run ninth inning to win, 15-4.

Good pitching also was the story as Hazleton defeated Mahanoy City 5-2. Winning hurler Fred Woolley went the distance for Hazleton, allowing only three hits.

In the other game, Carbondale downed Berwick in a free-swinging contest 14-7.

NORTH ATLANTIC LEAGUE

(By The Associated Press)

Although he needed help in the ninth inning, Gene Stemm hurled a two-hitter last night as the Stroudsburg Peconics shutout the Lebanon Chicks 4-0 in the North Atlantic league.

Frankie Radler was called in to pull Stroudsburg out of a hole with the bases loaded and one out. Radler forced the next batter to hit

YANKEES WIN  
DESPITE FOUR  
RASCHI BALKS

(Associated Press Staff Writer)

Balk. Balk. Balk. Balk. How silly can you get? Pitcher Vic Raschi of the New York Yankees, Umpire Bill Summers and the American league hold a new major league record that is better forgotten.

Raschi, guilty of only one previous balk in his big league career, was nailed four times by Summers yesterday at Yankee Stadium. And this is the league where "the same old rule" was to be enforced. Each time Raschi was found guilty of a "non-stop" violation.

In all the years of baseball, leading up to this Golden Jubilee year, no pitcher ever balked four times in a game before Raschi. Three was the old high, shared by two pitchers—Milt Shoffner of Cleveland in 1930 and Adrian Zabala of the New York Giants against St. Louis last summer.

Raschi's first three "crimes" didn't matter much. Summers called one in the first and two in the second. Chicago didn't score in either inning.

Fourth Scores Run

The fourth balk hurt, but not fatally. Following a single and an error in the fourth, it permitted Gordon Goldsberry to stroll home from third, breaking a 0-0 tie.

As it turned out, Raschi survived balks, walks and 10 hits for a 4-3 victory over Bob Kuzava of the White Sox. Phil Rizzuto's double in the fifth accounted for two big runs.

Those Boston Red Sox, breathing fire at their Fenway Park home, ripped off their sixth straight win, a 7-2 romp over Cleveland. The Sox routed Bobby Feller who copped his first two starts.

Detroit, rained out at Philadelphia for the second straight time, still clings to the league lead by 31 percentage points. The Yanks and Red Sox are right behind.

Gil Coan hit a home run with the bases filled and two out in the seventh inning to give Washington a 4-3 comeback edge over the St. Louis Browns.

Cards Spank Bums

Too bad about those poor old St. Louis Cardinals. Patched with chewing gum and bound together with bailing wire, the aging Redbirds took a series from Brooklyn. Just when the Dodgers threatened to run away with the National league, too.

The Cards did it the hard way yesterday, winning in 13 innings, 6-5, with two in the last of the 13th. Jim Russell apparently won the game for Brooklyn with a homer in the first of the 13th. But Joe Garagiola's two-run single with the bases full made Reliever Willie Ramsdel knuckle down.

Leo Durocher got the thumb from Umpire Larry Goetz but the New York Giants won anyhow, 5-2, over Cincinnati. It was the Giants' second victory of the year.

Johnny Sain barely survived a three-run Pittsburgh first inning. Then he settled down to show the boys how it is done. While holding the Pirates to four hits, the Boston Braves' righthander drove in four of the Braves' first five runs with three hits. The Braves needed an 11-run ninth inning to win, 15-4.

## Today's Talk

By GEORGE MATTHEW ADAMS

BEES

I was invited to a friend's house recently to view a private showing of a moving picture on the life of bees. I have read a great deal about bees, but soon learned that I knew nothing about them. Now the picture of their community and working habits has been graphically placed in my mind. Nature was brought home to me anew as the greatest teacher that we have.

Call it instinct, intelligence or what you will, the fact remains that in the life of the bee is to be learned the perfect working out of the life of a community of living insects. The bees are workers, and each is assigned his task in the community. There is the Queen, who is the top official, and then there are the workers and the drones. Even the drones have a task given over to them. And there are guards before the door of the community to see that no enemies enter.

I was amused at the fact that only one Queen can exist. All others are disposed of through mortal combat, leaving the one supreme ruler. There is action all the time. If catastrophe occurs, all pitch in to repair the damage, and in a most intelligent manner. These small creatures are great mechanics and they work at repair with exactness and skill. It's all for one and one for all.

Everything works out perfectly in the construction of the cells where the eggs are placed, and where the honey is stored. The very architecture of the home of these bees gives an amazing picture of exactness and foresight. Every emergency is met. How extraordinary that one of the great experts on bees should have been a blind man, Francois Huber, born in 1750, who in youth lost his eyesight, but who continued, nevertheless, to study and penetrate into the story of these interesting insects, so that he became one of the most noted of all writers about them. Much, however, he owed to his faithful second eyes, Francois Burnens.

In my library is one of the most famous of books on bees, the one by Maurice Maeterlinck, that I read years ago, and have almost forgotten. Now I shall take it down and read it afresh. Few books, if any, are more interesting and inspiring. Again I say that nature is our greatest teacher!

Tomorrow Mr. Adams will talk on the subject: "Music of Silence."

RAIN

It is folly to complain  
On the day that brings the rain.  
For the pleasures it denies  
Health and beauty rain supplies.  
For the plans deferred will be  
Blossoms on the cherry tree.

Rain is nature's food and drink  
For the roses, white and pink.  
Green of grass and gold of grain  
Would be lost without the rain.  
If the rain should cease to fall  
Hunger would destroy us all.

All that's lovely; song and mirth;  
All that beautifies the earth;  
All in which a man believes;  
Everything which he achieves;  
Goals he visions, hopes to gain  
Are dependent on the rain.

## GERMAN PRESS POLICY VIEWED AS RED VICTORY

Frankfurt, Germany, May 4 (AP)—The growing tendency by West Germany's press to soft-pedal cold war issues is being viewed by political observers here as a victory for the Russian propaganda machine.

An analysis of the German press by the U. S. High Commission's press and publications branch shows a recent trend toward adopting a neutral attitude on most American-Soviet disputes except unification of Germany.

Political observers in West Germany believe these newspapers are accepting the line Russia has long trumpeted: That the East-West struggle is none of their affair.

Attack Defense Pact  
Some solidly anti-Communist and pro-West newspapers have gone so far in their striving for neutrality as to attack bitterly the possibility of Germany's joining the North Atlantic Defense Pact.

The latest review of press trends by the U. S. High Commission's press and publications branch says the German press is following the cold war with "mixed feelings."

How much the newspapers in Western Germany reflect public opinion is not accurately known, since many have political axes to grind.

The review has this to say about the noticeable trend:

"The press has always wholeheartedly welcomed the firm attitude of the United States, especially in Berlin. However, noticeable reserve in dealing with this (cold war)

problem now is being manifested, due to the substantially sharper tone with which the United States now speaks to the Soviets and the announcement of a stepping up of propaganda activity x x x."

The review says the press appears to harbor the thought that if Germany is not one day to become the arena of ideological struggle "It behooves all Germans not to let themselves be unduly influenced by one side or the other."

# ONLY FEW OF HOOVER IDEAS CARRIED OUT

By JAMES MARLOW  
Washington, May 4 (AP)—It is almost a year since the Hoover commission made its last recommendation for reorganizing the government. What's been done? About 20 per cent of the recommendations have been carried out. Before quitting in 1949, Congress may approve more, but not all.

This commission was created by Congress in 1947 and finished its work in June, 1949. It made 18 big reports and 288 recommendations.

Former President Hoover headed this commission of 12 Democrats and Republicans. It had the help of 300 specialists in business and government.

Congress set it up to give the government the biggest looking-over it had ever had and suggest ways of making it run better and cheaper.

Not all 12 commissioners agreed on every item in every recommenda-

tion. And the recommendations now are not being followed in every detail.

**Three Optional Plans**  
There are three ways of putting them into effect:

1. The President can set up plans without Congress' say-so.
2. In some cases, Congress can act on its own by passing laws.
3. On other plans the President and Congress both have a say.

(No. 3 works like this: Mr. Truman hands Congress a plan. It goes into effect 60 days later unless Congress disapproves. Disapproval by either house kills it.)

Last year Mr. Truman offered Congress seven plans, not six approved. The one killed would have created a department of welfare to unify the health, public welfare and education programs now handled by the Federal Security Agency.

The six approved plans did these things:

- The U.S. Employment Service and certain other government jobs dealing with labor were moved into the Department of Labor; the Bureau of Public Roads was moved into the Commerce Department; to make their agencies work smoother, more authority was given the top officials of the Post Office Department and the Civil Service and Maritime Com-

missions; and the National Security Council and the National Security Resources board were put more directly in the President's hands.

**Unified Services**  
And also last year, Congress did these on its own:

- It unified the armed forces; created the job of undersecretary of defense to ease the load on the secretary; modernized the Civil Service system a bit; created a new agency, the General Services Administration, to handle the supply problems of the civilian agencies, most of whom had done it individually; and it blessed the reorganization of the State Department.

In March of this year Mr. Truman handed Congress 21 more reorganization plans. They'll go into effect May 24 unless Congress disapproves.

One would shove the Maritime Commission, now an independent agency, into the Commerce Department. (Opposition to this.)

**Diversified Plans**  
Two plans would give the secretary of labor more direct control over the work done by some of the agencies now under the Labor Department's roof.

Five plans would make some shifts, to and from, the new General Services Administration created last

year. Reason: To make it run smoother.

Thirteen plans would give more authority to the heads of various government departments and agencies. The strongest opposition has developed against some of these 13 plans. Example:

One would strip the General Counsel of the National Labor Relations board, Robert Denham, of his authority and give it to the five-man board. Business men say they fear this would favor labor unions. Senator Taft, Ohio Republican and one of the authors of the Taft-Hartley act which gave Denham his powers, is leading the fight against this plan.

**WAVES Will Wear Gold On Uniforms**  
Washington, May 4 (AP)—The navy's women officers now may wear expensive gold stripes on their sleeves just like the menfolk.

A new order Tuesday, optional at present and compulsory by July, 1952, changes the Waves' present light blue stripes to gold, and puts them in dark blue uniforms the same color as navy nurses.

# WILL RE-OPEN ASSAULT CASE

Philadelphia, May 4 (AP)—George W. Balles, Jr., serving a two and one-half to five-year prison term for a conviction of attempted assault will have a hearing Tuesday in a habeas corpus proceedings.

Federal Judge J. Cullen Ganey, after listening to Balles' petition Tuesday, reopened the case and fixed another session to obtain testimony of the police officer who arrested the 26-year-old former schoolmaster.

Balles, one time headmaster of the now closed Warminster academy, was convicted at his first trial in Norristown, Pa., of attempting to assault a 12-year-old girl student.

The State Superior court set aside the verdict and granted a new trial. Three trials all in Chester county, followed. The first two resulted in hung juries and the last in a conviction.

Balles will be eligible for release from Eastern penitentiary in September.

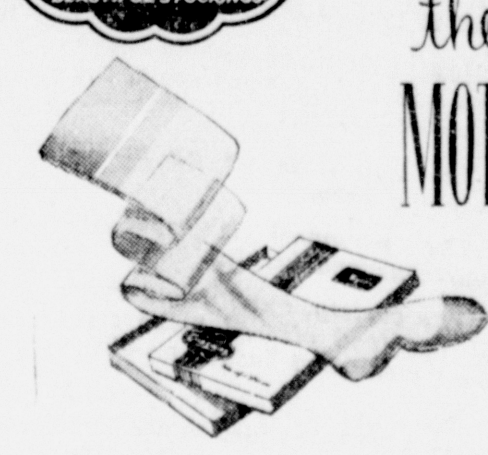

He alleges he was tricked into confessing an attempted assault on the girl by Chief of Police Russell Fletcher of Lower Merion township.

Blend honey and peanut butter and spread on crisp rye wafers for an afternoon snacktime treat.

**CUPLETS CUP CAKE MIX FOR FINEST QUALITY**  
If you want 12 to 18 cup cakes at their best, or a perfect nine inch layer, get the product whose quality no other cup cake mix has been able to equal—Cuplets. Just add an egg and milk.

When you are using a pressure saucepan put the trivet or rack in the pan before meat or vegetables go in; soups and stews do not usually need the trivet or rack.

A combination of pineapple, grapefruit and orange juices makes a delicious starter for a company dinner. Chill the fruit juices well and serve in your prettiest small glasses.

# RED UPHEAVAL TOO DIFFICULT TO FORECAST

By DEWITT MACKENZIE  
Paul G. Hoffman, Marshall plan administrator, told a meeting of the United States Chamber of Commerce in Washington that the Soviet system of satellites is going to "crack and crack quite suddenly" from tensions which now are building up within them.

That's a very daring prediction and it isn't strange to find it challenged in some quarters. For example, John M. Hightower, AF diplomatic expert in Washington, reports that little support is to be found among State Department experts on eastern Europe for Mr. Hoffman's statement.

This column, long ago having expressed a view similar to that of Mr. Hoffman, sees no reason to challenge the stand now. However, the time element is a very important consideration — that is, the question of WHEN an upheaval might come. Mr. Hoffman takes cognizance of this when he says:

**Tensions Are Growing**  
"The tensions are growing. Eleven years ago we had three dictators to worry about—Hitler, Mussolini and Stalin. Two are gone, and I expect to live long enough to see the third one go."

Our only guidance in figuring this out is that Hoffman is 58 years old. That gives a lot of leeway, and I don't believe one can be categorical.

While it is legitimate to speculate on the prospects of an upheaval ultimately among the satellites, it strikes me as being unwise to try to pin the matter down more definitely.

It is no secret that there is much dissatisfaction with Soviet rule in the satellites and that, as Hoffman says, tensions are building. It is no secret, either, that the satellites are being kept in hand by strong-arm methods.

**Revolt Spirit Brews**  
The spirit of revolt is there. But having said this we come up against the cold fact that the whole eastern bloc is firmly controlled by Red military forces and secret police. What chance has an unarmed populace to rise against that, even if it wants to?

The answer is that only some fortuitous circumstance, which would render the Soviet Union vulnerable, could pave the way for successful revolt. Beyond that we are on highly speculative ground. Mr. Hoffman is said to believe that as western Europe regains its power the Russians won't be able to keep the lid on the forces against them.

That could be, and many observers believe that in the long run it will happen. Somewhere a wedge may be driven which will provide an opening for the subject peoples opposed to regimentation. But you can't say when!

## Polio Patient Is Sent To Harrisburg

Harrisburg, May 4 (AP)—Janet Eberle, 15-year-old polio patient, found company today with other young iron-lung patients at the Polyclinic hospital here.

Janet was brought from a hospital near White Plains, N. Y., yesterday in a van equipped with a special engine geared to keep her respirator operating smoothly.

"Mission accomplished," was the young victim's smiling comment at the close of the grueling 200-mile drive. Doctors said her condition was "satisfactory" with everything "well in hand."

The girl's parents, Mr. and Mrs. Edward Eberle, of New Rochelle, N. Y., hoped that the company of the other patients in the infantile paralysis treatment unit here would keep her morale up.

Janet had been under treatment in the Grasslands hospital, near White Plains, since October.

## Strikers Drafted To Break Strike

Helsinki, Finland, May 4 (AP)—The Finnish government Wednesday drafted 2,000 striking railwaymen into military service to end a strike paralyzing the country's railroads.

The strike of 4,500 trainmen started Tuesday night over a demand for higher pensions.

A government source said the draft order was being sent to 2,000 workers under 40 years of age, the age limit for peacetime compulsory military service. He indicated most of the remaining 2,500 strikers were over 40.

Those drafted were ordered to report for work immediately on their old jobs.

The government acted under the economic emergency law.

Drafted strikers failing to report are subject to imprisonment.

## Former Official Sentenced To Jail

Bellefonte, Pa., May 4 (AP)—Cecil V. Vignutti, 42, former Bellefonte street director, will spend 5 to 11 months in Centre county jail for forgery and fraudulent conversion.

Vignutti pleaded guilty before Judge Ivan Walker and was sentenced Monday. The judge said Vignutti made complete restitution of \$2,802 before being sentenced. Vignutti was the borough street head for five years.

## Thousands Delayed By \$35,000 Blaze

Philadelphia, May 4 (AP)—A three-alarm fire damaged the lower floors of the old Jewish World building early today causing a traffic jam that delayed thousands of work-bound trolley riders.

Most of the damage, estimated at \$35,000 by Chief Fire Engineer John C. Costa, was to the job printing plant of the Novelty Printing company, which occupied four floors of the five-story building located at 13th and Walnut streets, a block and a half from Independence Hall.

The Jewish World ceased publication in 1942.

Cost said the blaze apparently began on the first floor and spread to the second before some 100 firemen brought it under control. No one was injured.

## U.S. POST-WAR

(Continued from Page 1)  
loness, the struggle is between the National church of Indonesia and the Christian church of the west. Our task there is to convince the Indonesians that their relations to God and their fellow Christians do not interfere with their nationalism."

**Fighting Imperialism**  
Indonesia, he said, is fighting the "imperialism" of the Dutch, and "we as taxpayers pay for the Marshall plan which is helping nations, the Dutch among them, which still maintain, in part at least, their colonial systems."

The Evangelical churches in Palestine were founded mostly by Germans, according to the speaker, and these were seized during the war. Some are in Arab territory since the partition of Palestine, and some in Israeli hands.

"We have been unable to reach an agreement with the latter," Dr. Empie said. "The Jews were horribly persecuted by the Germans, and you cannot blame them for being bitter. The Israeli say that if the churches are returned, the action might be a wedge for the return of Germans to Palestine. They don't want the Germans under any circumstances."

Dr. Empie said that "I think that much of our future troubles may come from the Near East. The Arabs are being driven into the arms of the Russians, because, in the partition of Palestine, there are two displaced Arabs for every Jew returned to the land."

**Lost Many Leaders**  
"I am in hopes that the church problem can be solved, that the churches will not be taken as reparations, but will be returned," he said.

In Czechoslovakia, during the war, the Lutheran church was driven "underground," he said. "Here it met the Russians, also working underground, and both Reds and Lutherans worked together. However, when Czechoslovakia was liberated, the Communists turned on the Lutherans, and thousands were sent to Siberia. Thus the Protestant church in Czechoslovakia was deprived of the cream of its lay leaders."

Dr. Empie said the question on the lips of the Germans is: "What are you Americans trying to do?" "Forcing our way of life on them has done more harm than good," he concluded.

## DOCTORS TOLD

will be offered this year at each of the ten teaching centers. Harrisburg is the nearest instruction center for Adams county.

Dr. John L. Boyer, Arendtsville, reported on a special cancer course which he attended at the University of Pennsylvania. This post-graduate course in cancer is sponsored by the Commonwealth of Pennsylvania and the American Cancer society in an endeavor to aid in the detection of cancer.

**Says Cure In Sight**  
Dr. Boyer pointed out that the campaign for funds by the cancer society during the past several years has provided sufficient money for cancer detection and cancer research. He further reported that the leaders in the field of cancer research are now confident that they "will have a chemical compound for the effective cure of cancer within five years. At the present time complex sugar compounds are curing cancer in mice, but these same compounds in their present form are too toxic for use on humans. Proper animal experimentation is vital and necessary for the advancement of this work."

A 35 minute sound film prepared by the American Cancer society on the subject, "Detection of Breast Cancer" was then shown to the local medical group.

## Man Is Killed Near Parked Car

Downingtown, Pa., May 4 (AP)—Warren W. Jackson, 38, West Chester, was killed by an automobile today while standing beside his parked car on the West Chester-Downingtown road near here.

Coroner Creston Shoemaker of Chester county said the car that struck Jackson was driven by Hugh R. Riley, alumni secretary of Pennsylvania State college.

Riding with Riley, Shoemaker said, was Charles M. Speidel, a coach and faculty member at Penn State. The two were on their way to a West Chester hotel after attending a Penn State alumni meeting at Coatesville.

The coroner said Jackson apparently had experienced motor or tire trouble and was examining his car when struck. The car itself was damaged slightly.

Riley was released in his own recognizance pending an inquest next Thursday.

## Says Home Is Best Training For Child

Pittsburgh, May 4 (AP)—A child's parents and home are better guards against juvenile delinquency than schools, churches and social workers, a New York psychiatrist said.

At a meeting of the National Council of Juvenile Court Judges, Dr. Frank J. O'Brien, associate superintendent of the New York Board of Education, declared:

"The tendency today is to expect schools to take over everything. We send children to schools as early as two years of age."

He deplored the separation of religious school training, adding:

"It is my humble belief that when our forefathers separated church and state they didn't mean to separate moral and religious teachings from our secular schools. You can not compartmentalize life."

## Young Woman Dives To Death In Falls

Niagara Falls, N. Y., May 4 (AP)—A young woman rose from a park bench last night, walked into the swift rapids above the American falls and plunged over the cataract.

The woman went to certain death still clutching a blue handbag, three witnesses said.

No clue to her identity was found immediately.

In scalding milk, heat it only until little beads or bubbles appear around the edges of the pan.

# QUADS BORN TO MOTHER OF SIX

Sleepy Eye, Minn., May 4 (AP)—Quadruplets born to a Minnesota farm wife—the first 20 minutes after she reached a hospital here yesterday—were "doing nicely" in incubators today.

Dr. Elmer E. Keithahn said the three girls and a boy were delivered in two and one-half hours to Mr. and Mrs. Arthur Seifert, living seven miles from Sleepy Eye. The couple had expected triplets.

The babies ranged from two pounds, four ounces to four and one-half pounds. The smallest, while feeble than the others, appears healthy, the doctor reported. Two girls were born first, then the boy, and the third girl.

Dr. Keithahn, 37, and in practice here six years, said it was the first time he had delivered more than twins. Quadruplets come only once in a half million births, he added. Mrs. Seifert is the mother of six other children, including a pair of twins. She was reported in fair condition.

approaches the line and to report any breaks that may occur.

**To Protect Public**  
When a break occurs other crews will repair the broken area. When the test is completed every part of the section will have been able to withstand the heavy pressure.

To protect the public all of the men involved will carry two-way radios and when anyone is located near the line the pressure will be dropped immediately. Watchers will radio to the pump operator. Where the line crosses under roads, traffic will be stopped for the tests.

Whether or not the engineers and their crews will work westward from the present start or eastward is still not known. However the part of the pipe west of Heidelsburg through Adams county to Franklin county will eventually be tested, it was said.

While the "Little Inch" is being tested the "Big Inch" will continue to supply gas, so there will be no interference with gas supply.

Pineapple juice may be used to give flavor and moisture to mashed sweet potatoes.

## Wheat Stocks In State Are Large

Relatively large stocks of wheat were being held in all Pennsylvania storage positions on April 1 compared with a year earlier, the State Department of Agriculture announces following Federal-State surveys.

The Pennsylvania wheat total the first of the month was 8,575,000 bushels or approximately 3,630,000 more than a year earlier, the survey revealed. Nearly 5,000,000 bushels of the wheat were in off-farm storage positions, including mills, warehouses, elevators and terminals. The

off-farm total a year earlier was slightly less than 2,000,000 bushels. National wheat holdings on April 1 were estimated at about 663,000,000 bushels in all positions. This total was exceeded by the 810,000,000 bushels on April 1, 1942 and by the record for the date of 896,000,000 bushels on the same date in 1943, but is larger than April 1 stocks of any other year.

# SOUTH PACIFIC WINS PULITZER PRIZE FOR 1950

New York, May 4 (AP) — "South Pacific," the smash hit Broadway musical, won the 1950 Pulitzer prize as the best original American play of the past year.

The drama award was one of 13 similar honors handed down by the prize committee for achievement in newspaper work, letters and music.

The prizes were announced by President Dwight D. Eisenhower of Columbia University.

"South Pacific," the latest success of composer Richard Rodgers and Oscar Hammerstein, II, is an adaptation of James A. Michener's book "Tales of the South Pacific," which won a Pulitzer prize of its own for fiction in 1948.

The Rodgers and Hammerstein team received a special Pulitzer award, but no prize, for their earlier musical hit, "Oklahoma," in 1944.

The prizes, which carry grants of \$500 each to the individual winners, have been given for the last 23 years under the will of the late newspaper publisher Joseph Pulitzer.

## Prize for Fiction

The 1950 prize for fiction went to A. B. Guthrie for his best-selling historical novel, "The Way West."

The prize for meritorious public service by a newspaper was split this year between the Chicago Daily News and the St. Louis Post-Dispatch for their joint stories revealing the presence of 51 Illinois newspapermen on the state payroll.

The articles were written by George Thien and Roy J. Harris.

The prize for the newspapers is a gold medal instead of cash.

The other prizes were:

Distinguished reporting of national affairs—Edwin O. Guthman of the Seattle Times for his stories that cleared Prof. Melvin Rader of charges of communism after a state investigation.

## Editorial Prize

Local affairs—Meyer Berger of the New York Times for his reporting of the neighborhood pistol slayings of Howard Unruh, berserk war veteran, at Camden, N. J., last September.

International Affairs—Edmund Stevens of the Christian Science Monitor for the series, "This Is Russia—Uncensored."

Editorial writing—Carl M. Saunders, editor of the Jackson, Mich., Citizen-Patriot, for his editorial that led Congress to designate Memorial Day as a day of prayer for peace.

Cartooning—James T. Berryman of the Washington Star. His cartoon, "All Set for a Super-Secret Session," showed a Congressional committee hearing scene surrounded by a forest of microphones, television cameras and other symbols of publicity.

## Other Awards

News photograph—Bill Crouch of the Oakland Tribune for his action shot of a stunt plane barely missing a huge B-29 bomber over a California field. The picture, showing the aircraft only a few feet apart, moved on the Associated Press wirephoto network last October 3.

Most distinguished book on U. S. history—O. W. Larkin of Smith College, Northampton, Mass., for his "Art and Life in America."

Biography—Samuel Flagg Bemis of Yale university for "John Quincy Adams and the Foundations of American Foreign Policy."

A negro poetess, Miss Gwendolyn Brooks of Chicago, won the award for verse with her "Annie Allen," a story of negro life in a combination of ballad form and modern idiom.

The prize for music went to Gian-Carlo Menotti, Italian-born composer of modern opera, whose prize-winning production, "The Consul," is a new Broadway sell-out.

A special Pulitzer award, the annual \$1,500 traveling scholarship to an art student found "the most promising and deserving," went to Leonard Everett Fisher of Brooklyn.

# Thirteen Killed In Flaming Crash

Guayaquil, Ecuador, May 4 (AP)—

An Avianca airliner with 13 persons aboard crashed in flames Tuesday near Catamarana between Quito and Guayaquil, the government telegraph service said Wednesday.

The Avianca Line, a Colombian concern, announced in Cali Tuesday that the plane was missing on a flight from Quito to Guayaquil. Among the passengers was Napoleon

Prado, manager of the Bank of Commerce here.

For a special sauce for shrimp cocktail, blend mayonnaise with

chili sauce and season with lemon juice and Worcestershire sauce and a dash of tabasco sauce; taste and add salt if necessary. For a quick dinner, grill lamb

chops and link pork sausages with cooked sweet potato slices and rings of canned pineapple. Using canned sweet potatoes for the grill will cut down on preparation time.

# Gas Pressure Like Rock in Stomach

One Gettysburg man stated that for 10 years he felt like he had a rock in his stomach. This feeling was due to the lump of undigested food he always had inside of him. His food would turn to gas. Recently he started taking CERTA-VIN and says the feeling like a rock in his stomach disappeared the second day. Now his food agrees with him, no more gas and he feels like a new man.

CERTA-VIN is a new, scientific formula. It is taken before meals and works with your food, thus you get the fullest good out of your meals. It contains Ten Great Herbs, plus vitamin B and Iron. It not only relieves gas, it also makes the nerves stronger with vitamin B and enriches the blood with iron. Miserable people soon feel better all over. So don't go on suffering! ## PHILADELPHIA IS PLAGUED BY NIGHTTIME ODOR

Philadelphia, May 4 (AP)—In Philadelphia these days if it isn't one darn thing, it's an odor.

For three out of the last seven nights, a major portion of the city has been blanketed by fumes variously described as sour, disagreeable and a few things we can't print.

It's not just a run-of-the-nose odor that can be tracked down in a jiffy—like the aroma of a skunk. This is a sort of mysterious odor. No one knows exactly from whence it comes or what causes it.

Nor do any two sniffers describe it exactly the same way. One person may take a deep breath and comment: "Smell like sour pickles."

Another connoisseur offered this suggestion: "Somebody must be burning an old mattress."

"It Smells Sour"

John L. Hodges, chief of the city's air pollution control, was a little more general.

"It smells sour," he said after sampling last night's odor, "like something caused by fermentation."

Whatever the origin, Hodges said, the fumes are definitely not harmful to the public health—just unpleasant to put it mildly.

The condition was observed first

## Pickets, Miners Battle; Two Hurt

Lonaconing, Md., May 4 (AP)—Two miners were hurt Wednesday in violence between some pickets and coal miners, state police reported.

One of the men, Thomas Robertson, about 40, suffered a fractured skull when he was hit by a truck. Doctors at Miners' hospital in Frostburg said his condition was critical. Melvin Cuthbertson, 36, was less seriously injured.

No union differences were involved in the outbreak. Residents of this western Maryland mining town said the trouble developed over a "leasing" plan in which a group of miners dug coal and sold it to various companies.

The pickets, who have been around one mine since Monday, were angered because the leases were bringing out coal and selling it at lower prices than in other mines around this part of the state.

April 25. Then the odor reappeared Monday night and again Tuesday night.

It is strictly a nighttime odor—it hasn't been noticed in the daytime at all. Hodges says this is because the damp air after dark holds fumes while the sun-warmed air serves to draw them off.

Such fumes, Hodges said, are probably present to a certain extent most of the time but because more pronounced in certain weather conditions.

## CAMPUS MURDER TRIAL STARTED

Columbus, O., May 4 (AP)—Fraternity brothers tried to disarm James D. Heer, 21, shortly before an Ohio State senior journalism student was shot fatally, a prosecution witness in Heer's first degree murder trial testified.

The story of events preceding the "fraternity row" slaying of Jack T. McKeown, 21, Norwood, O., came from the lips of Dean Carl Reemsnyder, Cleveland Heights, a June, 1949, engineering graduate.

Reemsnyder also said he heard two shots and saw McKeown fall. He was the state's first principal witness against Heer, whose home is in Euclid, O.

McKeown, managing editor of The Lantern, campus daily newspaper, was killed early the morning of last November 12, near the Delta Tau Delta fraternity house after a homecoming dance.

A jury of 10 men and two women is hearing testimony. Defense Attorney Matthew L. Birger, in his brief opening statement, said the defense would attempt to show Heer was "so drunk at the time x x x that he didn't have the mental capacity to form any intent to kill x x x."

Assistant Prosecutor Henry L. Holden said the state hopes to prove premeditation and malice.

## Taylor To Ride Truman's Train

Washington, May 4 (AP)—Senator Glen Taylor of Idaho, who bolted the Democrats in 1948 to run for vice president on the Henry Wallace ticket, has been invited to ride President Truman's special train through Idaho.

Taylor disclosed this today, while in another political development the Republicans picked Senator Taft of Ohio to reply to Mr. Truman's May 15 speech in Chicago. That speech will climax the President's western tour.

Taylor told a reporter that Democratic party officials invited him aboard the train.

Mr. Truman has scheduled six Idaho stops May 10, none of them more than brief platform appearances.

Party members are wondering whether he will take the opportunity in any of these to say a good word for Taylor. The senator is seeking renomination on the Democratic ticket with former Senator D. Worth Clark regarded as his most likely opponent.

If the President boosts Taylor, an

undetermined number of Idaho Democrats won't like it.

The same situation prevails in Iowa, where Mr. Truman has four stops scheduled. In that state, his former undersecretary of agriculture, Albert J. Loveland, is one of seven seeking the Democratic senatorial nomination.

## Lie Will Invite Reds To Conference

Paris, May 4 (AP)—Trygve Lie, United Nations secretary-general, said Wednesday he will fly to Moscow May 10 in an attempt to persuade Russia to agree to a conference of the U.N. Security Council and all world leaders.

Lie told a news conference that

he had proposed previously that the Security Council hold meetings with "heads of states and with cabinet members of all member nations."

# RICH PRINCES OF INDIA ARE FADING AWAY

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

The host of bejeweled Indian princes, who less than two years ago ruled their humble subjects with the power of life and death, are rapidly moving towards the oblivion which destiny has decreed.

When the Indian peninsula was divided into the two independent nations of India and Pakistan, there were more than 600 of these Arabian Nights potentates whose wealth was so great that most of them couldn't even estimate it. Now most of their states have been absorbed, in whole or in part, by Pakistan and India (largely the latter), and the princes have been given fixed incomes in

place of the taxes they used to exact.

A few of the biggest states continue to exist as constitutional principalities, but their rulers are answerable either to the Indian or Pakistan government. The rest of the states have been absorbed outright. There are no longer any absolute princes.

**World's Richest Man**

One of the constitutional principalities is the great state of Hyderabad, which is presided over by that amazing personality, the Nizam. His exalted highness, who now speaks with the tongue of the New Delhi government, is reputed to be the world's richest man. The value of his jewelry alone has been estimated unofficially at \$1,500,000,000, and his hoard of money and other valuables long has been the basis of a favorite guessing game in India.

An AP dispatch reports that the Nizam himself has been checking his cash on hand and its equivalent in jewels. One Bombay jeweler got dizzy at the sight of the jewels, and another offered the equivalent of \$5-

250 for a chance just to look at the gems.

The Nizam is a frugal sort in many ways. He has been free in giving money for charitable purposes and for the British war efforts, but he watches his pennies. He allows himself \$1.05 per day for his normal personal expenses, and does some of the mending of his own garments.

However, his exalted highness can spend money for pleasure if he has the fancy.

It was a tough blow for the Nizam to bow to the new order, and he didn't give in until Indian troops invaded his domains. Then he agreed to turn his huge state over to the New Delhi government in exchange for a big annual income. He surrendered most of his actual authority to New Delhi.

Presumably some of these princely dynasties will be permitted to run along for a considerable time in a heavily restricted form. But in the end they will disappear and their peoples will have been absorbed into the new life of India and Pakistan.

# EXPERT SAYS WILL FORGED

Waynesburg, Pa., May 4 (AP) — A handwriting expert says a disputed will of elderly Mrs. Gertrude Southard Pochron, which left her \$40,000 estate to her young husband, is a forgery.

The questioned document is dated November 19, 1940, just two days before her death. Her husband, John Pochron, who married her five years ago when he was a student at Waynesburg college, told Greene county court he wrote the will as Mrs. Pochron dictated it from her deathbed, and she signed it.

The document, introduced as a surprise exhibit in the trial, cancels a previous will dated October 26, 1948, which divided her estate between Waynesburg college and the Western Pennsylvania Engineers society. It reinstates a will dated July 2, 1947, which left her estate

**Village Restaurant Owner Stricken, Dies**

Lancaster, Pa., May 4 (AP) — John W. Weaver, co-owner and manager of the nationally-known Village restaurant of Lancaster, died Wednesday at St. Joseph's hospital. He was 52.

Weaver, past president of the Pennsylvania Restaurant association and an officer of the National Restaurant association, succumbed after an operation.

Weaver was considered one of the country's top restaurant men. He had been manager of the Union Bus depot of Lancaster and the popular Pennsylvania-Dutch type restaurant here since 1931.

Before that Weaver was advertising manager of the Lancaster New Era from 1922 to 1931 and promotion manager of the Lancaster Wholesale Grocery company from 1931 to 1941.

A native of Lancaster, he attended Franklin and Marshall college and served with the Navy during the First World war.

# Gibbs Appeal To Be Heard In June

Lancaster, Pa., May 4 (AP) — Whether Edward L. Gibbs, 25-year old former Franklin and Marshall college senior convicted of murder, will be given a new trial will be determined during the June term of the Lancaster county court.

Gibbs was convicted March 16 of killing 21-year old Marian Louise Baker, college secretary, on a lonely lover's lane last January. The jury

of seven men and five women recommended the death penalty.

In appealing for a new trial defense counsel claimed the court erred in admitting certain evidence and raised several points on Judge Joseph B. Wissler's charge to the jury.

Keep the medicine cabinet clean. The measuring spoon should be kept clean for instant use, the eye cup should be washed after it is used. These simple precautions help prevent serious infection.

# STASSEN SAYS TRUMAN WORST U.S. PRESIDENT

New York, May 4 (AP)—Republican Harold E. Stassen declared in a speech Tuesday night that President Truman is "the worst President" and "the cleverest politician" ever to occupy the White House.

Mr. Truman's forthcoming tour of the west is a political venture "to try and get a puppet Congress," Stassen added.

Calling the President "a post-graduate of the most effective political school in America—the Pennington school of Kansas City," Stassen told a Republican meeting:

"From that school he knows the methods of attacks on opposition, of claims for all improvement, of dodging blame for things that go wrong, and marshaling votes through organization."

"The tragedy for America is that the same school which made Truman such a clever politician also made him such a bad President."

"This is true because it is a school whose graduates are lacking in a sense of idealism and who minimize the importance of honesty and integrity."

**Misuse of Power**  
Stassen, president of the University of Pennsylvania, former governor of Minnesota and unsuccessful contender for the GOP Presidential nomination in 1948, delivered his blast at Mr. Truman's auxiliary of the New York County (Manhattan) Republican committee.

Stassen urged Republicans to "meet the 1950 situation brought about by x x x his (Mr. Truman's) use and misuse of the great power of his office."

"The Republicans can do this," Stassen said, by:

(1) "Fighting back vigorously and hitting hard in the exposure of the conditions of his administration."

(2) "Bringing forward definite, sound, constructive measures to meet the problems of our country at home and abroad."

(3) "Organizing and working and voting with a thoroughness and a drive such as we have never shown before."

Stassen said Republican gains in the 1950 elections will "signalize a rebuilding" which "will not stop

## Valley Forge Offer Is Referred To Pace

Washington, May 4 (AP)—The state of Pennsylvania's offer to take over the Valley Forge Army hospital at Phoenixville, Pa., has reached Defense Secretary Johnson.

Johnson's office said the proposal came in a message from Governor James H. Duff of Pennsylvania. It will be referred to Secretary of the Army Pace.

Transfer of the hospital to the state would require its release by the Federal Department and a declaration of it as surplus property by the General Services Administration.

Valley Forge is one of five large military hospitals which Johnson has ordered closed by June 30.

short of complete national Republican victory."

## HOMELESS, BUT KEEPS HER DOG

Pittsburgh, May 4 (AP)—The elderly woman in black huddled on a sidewalk amidst her possessions, oblivious to rain and pleas of her neighbors.

"Be sensible," they begged 65-year-old Mrs. James Sherman. "Give up Tuffy."

Tuffy, a ten-year-old fox terrier, whined in a packing crate stacked between a refrigerator, bedstead, and a gateleg table on the pavement.

Give up Tuffy? Unthinkable to the white-haired widow. She has known the little dog as her only friend and companion since the

## Lancaster Senator Dies Aboard Train

Mansfield, Ohio, May 4 (AP)—Fredrick L. Homsher of Lancaster, Pa., Pennsylvania state Senator since 1938, died Wednesday aboard a train here.

Homsher, 64, a veteran Republican leader in the Keystone state, died

death of her husband four years ago. Mrs. Sherman was evicted from her two-room apartment because her landlord needed the space for his own growing family. And nobody else wants a roomer with a dog.

"I walked until my feet blistered, but nobody would take Tuffy," she said sadly. "Now I've lost all interest in life."

Her voice quavered as she added, "I wouldn't care if a truck hit me."

## JURIST BARS WITCHCRAFT

Wilmington, Del., May 4 (AP)—Judge Thomas Herlihy, Jr., has ruled a young mother will not stand trial on charges of practicing witchcraft.

Instead, the jurist yesterday ordered Mrs. Helen Evans, 23, held in \$200 bail for the grand jury on charges of fortune telling.

while en route to a hospital at Battle Creek, Mich., for treatment. He had been ill for six months.

He was making the trip with his wife and several members of his family.

He was a son of the late John G. Homsher, also a key figure in Pennsylvania Republican politics.

Judge Herlihy indicated last March 21 that he would have no part of a witchcraft trial.

He postponed Mrs. Evans' trial on that date and declared "it is unbelievable that a charge of practicing the 'art of witchcraft' could be brought in the enlightened state of Delaware."

He said the law, dating back to the 17th century, is "antiquated and should be repealed."

## A FEW WORDS

Nothing Ventured

Howdy Folks:

A lot of people believe in the old saying, "nothing ventured—nothing gained," and funny enough, so do I.

That's why today you are reading—the first of what will develop into a series of down to earth talks between us. The only trouble, though, is that we're forced to have our little talks use of the paper instead of sitting and talking face to face.

Now getting back to "nothing ventured—nothing gained," did you know that few people in Adams county ever tried to write a column like this before? I hope it wasn't because they thought it was better to say nothing, thinking no one could say they were wrong.

I ask you, if you don't talk with your neighbor, how else are you going to learn how others are thinking? Well, that's one reason why I believe "nothing ventured—nothing gained." So here we go with our series of little talks.

When I told Mrs. Hafer about this, the first thing she asked was what are the talks going to be like. Well, rather than get involved I thought it was about time to change the subject, so I asked her how she mended the socks I had on. She came right back and said the socks were darned good. So I told her that that's how I hope these talks will be—darned good.

See you later,

Bas Hafer
